THE REPORT:

VOLUME ONE

SUMMER/AUTUMN

TIM BAGWELL ROOTS:

My name is Tim Bagwell and I am running to represent you in the 19th Congressional District, the largest district in Illinois.

A bit about myself, I was born in 1955 in Olney, Illinois. My family lived in town until I was five when we moved to our new family farm just three miles north of Olney. My mother is Mary (Kirkendoll) Bagwell. My father Clessie Bagwell passed away in 1992. Mom was a farm wife and a Service Representative for what was then the Illinois Veterans

Commission. My father was a farmer and an oil field superintendent and later owner of a small oil production company. I grew up reading Prairie Farm, Successful Farming, Oil and Gas Journal and World Oil business magazines.

As I attended school I worked on the farm. In the winter my brothers and me took turns getting up at 2:00 a.m. and 4:00 a.m. to check on newborn lambs and to feed those newborns needing our help. We bailed hay in the summer and cleared our wooded areas to give the feel

of a State Park a legacy of my father's time in the CCCs.

I attended East Richland High School and one year at Olney Central College before attending SIU-Carbondale. Later, I attended St. Louis University. I was married and moved to the Washington, DC area where I worked for the Dept. of Defense and then taught in some of that city's Universities. Changing careers I became involved in computing, moved back to the Midwest and worked in the St. Louis area for over a decade. During the Internet boom I had my own company based in Olney and learned about many of the struggles of starting a small business in our region.

John Shimkus...

"Out of Touch!"

John Shimkus was first elected to Congress in 1997. When he was running for that first term he promised to only serve for 6 terms. He promised to self impose a term limit. Instead of keeping that promise he revoked his self-imposed limit and ran again and again.

Another word for someone who breaks a promise is "liar." Lets look at the John Shimkus record of being

"Out of Touch!"
• He absolutely, publicly promised to hold public office for only 6 Terms! Public Office was not going to be "His Career!"

• He claims that "Corporate Titans are my friends" during the worst economic breakdown since the Great Depression. — May 20, 2010.

• Compares the long Bloody War in Iraq to a fictional Cards & Cubs game. — May 2, 2007.

Big Oil, Big Pharma, Big Insurance are Mr. Shimkus' friends.
Voters with no corporate clout are lucky to stay afloat.

• Called carbon dioxide pollution "plant food" and said that "the earth will end only when God declares it's time to be over. Man will not destroy this earth. This earth will not be destroyed by a flood."
— March 25, 2009.

• Has taken over \$5 Million in campaign contributions from special interest Political Action Committees.
— OpenSecrets.org June 17, 2010.

- His job is to attend meetings on our behalf. He walked out on the President's health care address. He walked out on his constituents.

John Shimkus... ? “FIT TO SERVE?”

John Shimkus compares the War in Iraq to a fantasy baseball game involving the Cardinals and Cubs. Does he understand what it is to serve in combat?

Nearly 30 years in the military - 3 major wars - 0 time in combat - "membership has its privileges."

Important Questions for Mr. Shimkus:

"Mr. Shimkus, why didn't you keep your promise not to run again for Congress? Why?"

"Mr. Shimkus, why do you continue to "Tweet" the Holy Bible?"

"Mr. Shimkus, why do you continue to vote against unemployment benefits?"

TIM BAGWELL ON THE ISSUES!

I will continue to fight for real campaign finance reform that will level the playing field for free speech so that the voices of working people will be heard and will be heeded and respected.

I will continue the fight for a consumer financial protection agency that will control usury level interest rates, curb the abuses of debt collectors and protect consumers from overly complicated, and other fraudulent schemes.

A Single-payer solution will streamline administrative processes and reduce costs. Instead the bill is a

compromise that may cause a rise in insurance and health care costs and will almost certainly operate inequitably in a number of respects. Although coverage will be expanded for some (certainly not all) this legislation has not loosened the grip private insurance companies have on the pulse of health care. I will continue to fight for single-payer health care.

If elected I would not accept corporate sponsorship. I would vote for additional reform and I would fight for finance campaign reform.

I will advance the cause of manufacturing revitalization through private and public cooperation in the redevelopment of America's railways, bringing back the steel industry, and providing a transportation and communications framework that will help Southern Illinois.
